The EY Belgium Finance department is looking for a **Finance Security Officer** :

### Your responsibilities

- As the single point of contact within Finance, you will assist internal clients with all IT-related matters.
- You will follow-up with the EY Global organization regarding country configuration of the financial applications and organizational structure.
- Users will contact you when they need access to global and local financial applications, and you will manage their access rights in line with the firm's security policies and procedures.
- You will monitor IT tickets - service requests and incidents related to Finance, and escalate issues based on priority to ensure a smooth flow of the daily operations.
- You will act as a subject matter resource for all IT-related decisions within the Finance department.

### Your profile

- You own a Bachelor in IT or economics orientation
- You are eager to learn and you have a strong interest for the related job description
- You can work accurately and you have an analytical mindset
- You have strong IT skills and you are expert in Excel having excellent knowledge of formulas, charts and pivot tables
- Experience with accounting / ERP systems (SAP or similar) is a plus
- You are proactive and communicative
- You are a team player with the capability to work independently when needed
- You have a good knowledge of Dutch/French and English

### Offer

- An intellectually challenging role within a leading international company
- Growth potential in a dynamic and diverse team
- An interesting salary package including fringe benefits
