

Born of a strong joint venture, **Sixdots** is a revolutionary Start-Up dedicated to support online and mobile trade for Belgian traders and consumers.

Sixdots is working on the development of a new e-shopping experience and through mobile applications (“in-app commerce”). His goal is to create a highly secure mobile wallet including mobile payments, virtual ticketing, eCoupons and loyalty programs. **Sixdots** refers to the 6-digit PIN code used for making any type of transaction via a smartphone.

To participate in the launching of this App of the future, we are looking for a (m/f):
