

Commissioning and Startup Associate

In the frame of project TUCAN at the Tertre Polyols Belgium site, we have an exciting job opening for a Commissioning and Startup (C&SU) associate.

Role:

Under the supervision of the Project Manager, the job incumbent will be assisting both Commissioning and Startup Leader for the preparation of a safe and smooth C&SU.

Responsibilities:

- Creation of C&SU procedures and check lists
- Organization of the filing of the above
- Accessibility checks in the field to allow easy testing
- Document current settings (inverted signals)
- Progress monitoring during the C&SU phase
- Follow up and documenting of pre-Commissioning activities (continuity testing by E&I contractor)

Competencies:

- MS-Office savvy
- French and English, B2 level
- Technical background
- Team player (coordination and 360° communication)
- Similar experience preferred.

Duration:

- September 2022 (or earlier) to April 2023
- Full time
